1. India - Four Square License

Thanks for your note of June 2. I did not receive the fax you mention and would be grateful if you could resend it.

2. International Editions

Subject to management's cost-benefit analysis, there may be another approach to the Guam question, namely to eliminate our ads from the copies sent to Guam. Starting in September, cigarette ads will be banned from foreign publications having a circulation of more than 10,000 in Singapore. Both Time and Newsweek are above this level and will therefore have to print copies without our ads, copies which could probably be used for Guam as well. I will look forward to discussing this issue with you, Lee and Leslie in Rye Brook. I am interested to know whether there are any relevant precedents in the EEC or EEMA Regions.

3. Visit to Rye Brook

Many thanks for your kind suggestion that we get together for dinner. Anne will be in the U.S. but unfortunately not near Rye Brook or the city. I have no fixed plans for Tuesday, Wednesday or Thursday evening and would be pleased to join a group for dinner.

Best regards,

Roger
